Association of Avian Veterinarians

We are pleased to announce the Call for Papers for the 2010 AAV/AEMV Annual Conference & Expo in San Diego, CA, USA. The conference is scheduled for August 1-5, 2010 at the fabulous Marriott San Diego Hotel and Marina. <http://emarketing360.com/marriott/ca/sdmm/>

Our conference theme for 2010 is "Waves of Wisdom in San Diego". Come bask in the warm Southern California sun while you let cool waves of wisdom wash over you. There is fun for the whole family here. Points of interest include the San Diego Zoo and Wild Animal Park, Sea World, Seaport Village, Old Town, and Mission Bay (with it's famous reconstructed rollercoaster and carousel).

We strive each year to modify the content and emphasis of the presentations based on feedback from our members and conference participants. We need your submissions! We can all utilize new ideas and experiences, and there is no better way to share your knowledge than to present it at this multi-species Annual Conference & Expo. We especially encourage submissions from those members who have not presented previously, those who have an interest in presenting in the technician sessions, and new Master Class and Practical Lab topics.

Submission has never been easier. Just visit the link on the conference website www.conferenceoffice.com/aav (note there is one website, but 2 different links for AAV or AEMV). Alternatively, you can submit a hard copy via mail or fax to the conference office. **Please complete the Call for Papers Application and return to the Conference Office NO LATER THAN October 30, 2009!**

If you wish to receive more information on presenting at the Conference, contact the Conference Office at 303-756-8380.
